## ELITE G2

You wanted maximum convenience and simplicity, the Elite G2 was engineered for it: An interior mounted design protects chairs and scooters from the elements. A unique drive on / drive off platform provides accessibility. Quick cycling efficiency offers faster loading and unloading. Space saving configurations furnish maximum passenger seating. Want ultimate ease and simplicity? A handy keychain remote delivers it. Prefer an unobstructed line of vision? Our low profile assures it. For those who want more than pure technology, the Elite G2 also presents the purely aesthetic. A choice of five colors that lets you express your personal sense of style. The Elite G2, the lift built around you.

It's compact and stows away invisibly. It functions quickly, simply, and smoothly assuring dependable, worry-free operation for years to come. Its "No Drilling" installation saves your interior and maintains the integrity of your vehicle. Why did we design the Elite G2 to perform so well under pressure? Simple. We think an interior lift should be out of site, and out of mind.

*Imagine the Possibilities*
