EXCEL

Its capabilities are the product of technological breakthroughs. The result? An interior mounted lift that hoists your chair or scooter into the vehicle thereby protecting it from the elements. The Excel is a fully automatic lift designed to provide reliable operation. A stylish lift designed to seamlessly blend into your van's interior, an agile lift offering curbside style loading at the rear of your vehicle, and an easy-to-use lift with keychain remote for one-touch operation. The Excel is built on the idea that freedom is power.

The Excel Series comes in several models; the Excel E-Series offers a manual swing for a more affordable option, the Excel 200 provides 200 lb. lifting capacity for scooters and lightweight power chairs, and the Excel Weatherized has a weatherproof construction and is ideal for truck bed installation. With so many variations, the Excel Series is bound to have a lift to suit your needs.

Imagine the Possibilities
